*"Creating a Community of Great Thinkers through  
Achievement, Assessment and Accountability"*

July 6, 2007

Mr. Shaine Gaspard  
Vice President  
Southland Gaming of the VI  
1003 Est. Ross  
Barbel Plaza #8  
St. Thomas, VI 00802

Dear Mr. Gaspard:

On behalf of the entire faculty and staff of the Leonard Dober Elementary School, allow me to express sincere thanks to you and your staff for sponsoring the sumptuous luncheon that was provided for us. It certainly helped to boost morale and set a positive tone for the faculty meeting and workshop that followed.

As verbally expressed to you, we certainly appreciate the involvement of your company in the Department of Education. Your donations to the schools have done a lot in terms of what we have been able to do relative to the needs of the students and the improvement of the physical plant. I am happy that I was able to show and explain to you some of the things we have been able to accomplish with your monetary donations. Please accept our deep gratitude.

Kindly pass on our thanks to your Marketing Director, Mr. Marcus Monroe, for all he does. He certainly made sure that all was in place for a lovely luncheon.

I have recently learned that we also have a parent working at your business and I am certain that she pushed to make sure that we received your kindness. To her, too, we are grateful.

Please feel free to stop by at any time to interact with our students and staff members. We would be happy to be accommodating.

Sincerely,

Carla Sarauw  
Principal
